Portfolio

Introduction

BrainCave Software Pvt. Ltd. is a software development company founded in 2022, offering services in web and mobile app development, game development, digital marketing, and more. With a team of over 30 skilled professionals, BrainCave develops practical solutions for businesses of all sizes. Its core platforms, including Beauty Pro 360, HR Master 360, ECommerce Pro 360, and CSR 360, address diverse industry needs. Headquartered in India, with branches in Singapore and the USA, BrainCave focuses on creating efficient and user-friendly software to support businesses worldwide.

Our USP

🏭 *Industry Expertise*

Extensive experience and in-depth knowledge across a wide range of industries, enabling us to deliver solutions that align perfectly with unique business requirements.

⚙️ *Comprehensive Project Lifecycle Delivery*

From initial consultation to final deployment and ongoing support, we handle every stage of the project lifecycle while also helping businesses grow through digital marketings.
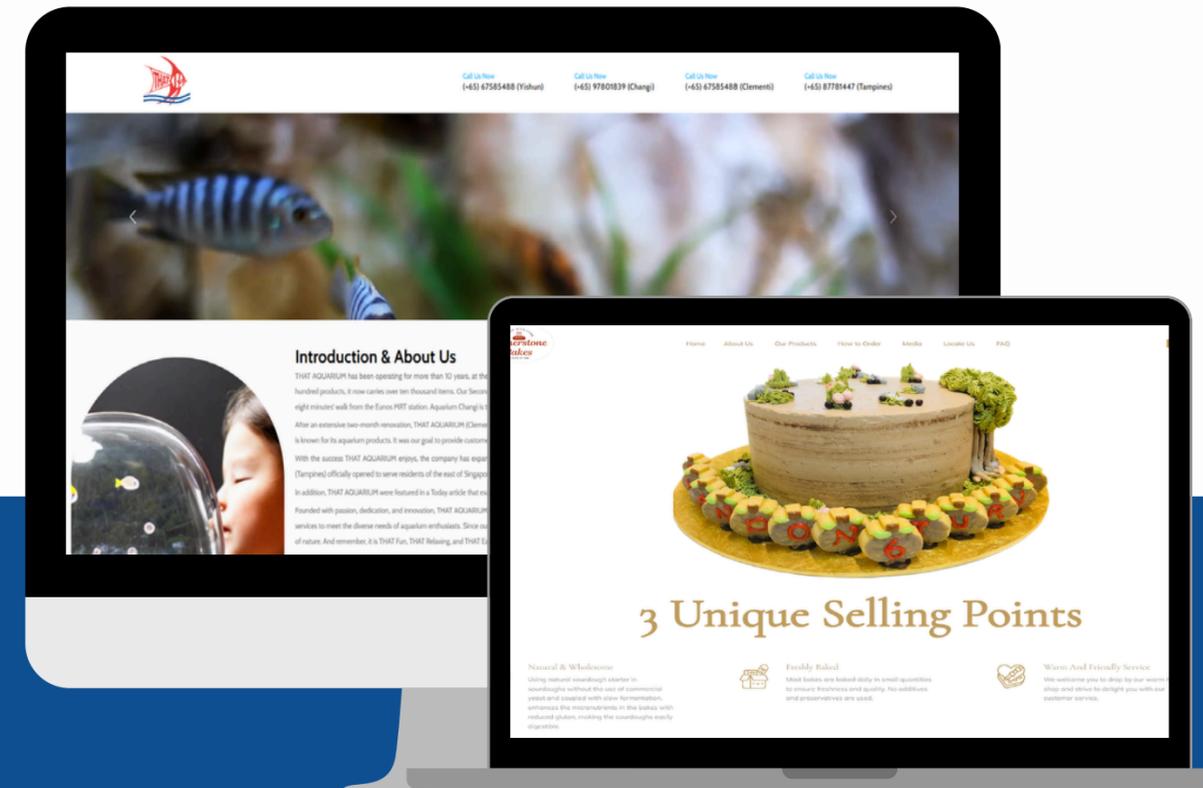

✅ *Uncompromising Quality*

Maintaining the highest standards of quality in every aspect of our work, adhering to global regulations and standards like GDPR, CCPA, CPRA, COPPA, CalOPPA, EU Cookie Law, Eraser Button Law, and ADA compliance.

💡 *Versatile Solutions*

Offering tailored solutions for every industry, business size, and type of customer, ensuring relevance and adaptability to diverse needs.
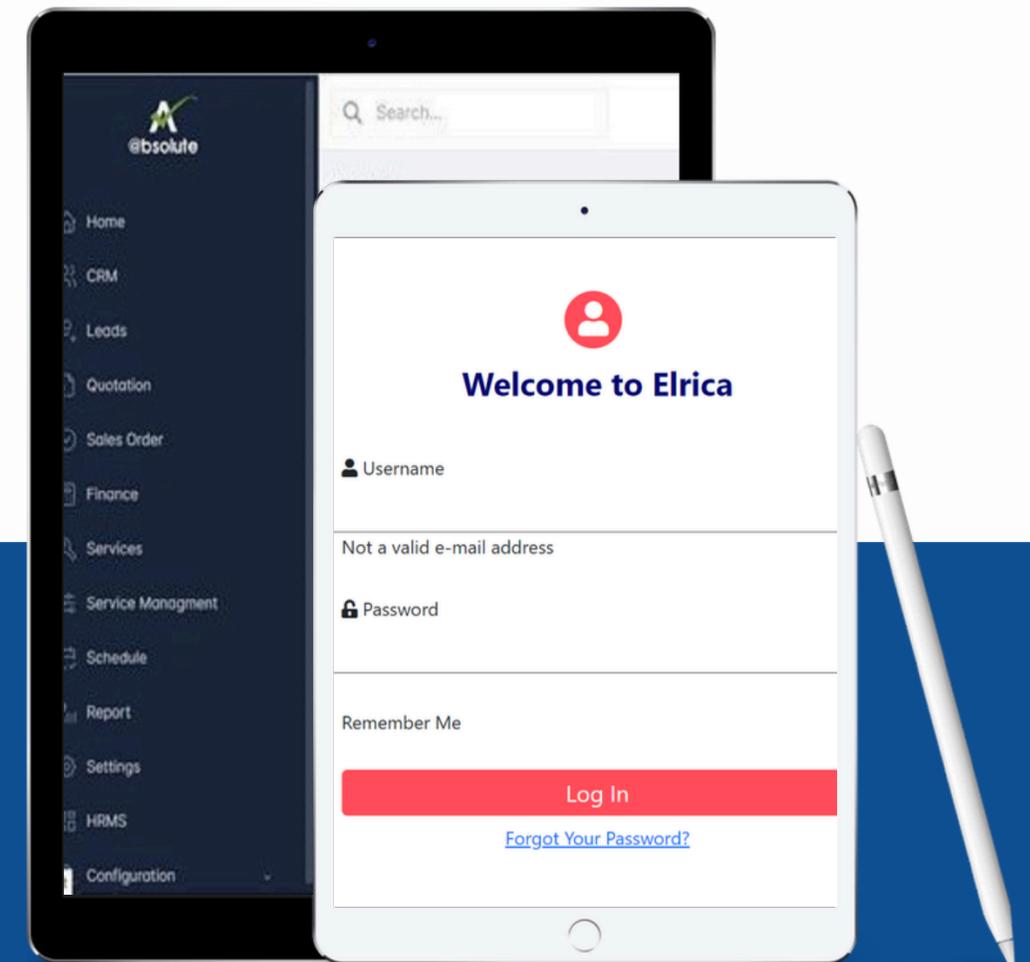

Robust Security

Ensuring complete protection from security threats by adhering to the highest cybersecurity standards, including OWASP Top Ten, PCI DSS, ISO/IEC 27001, NIST Cybersecurity Framework, and SANS Top 20.
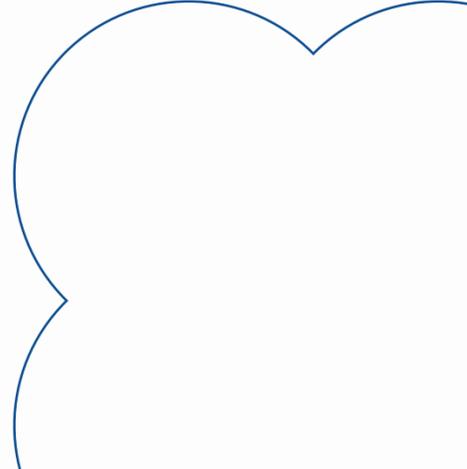

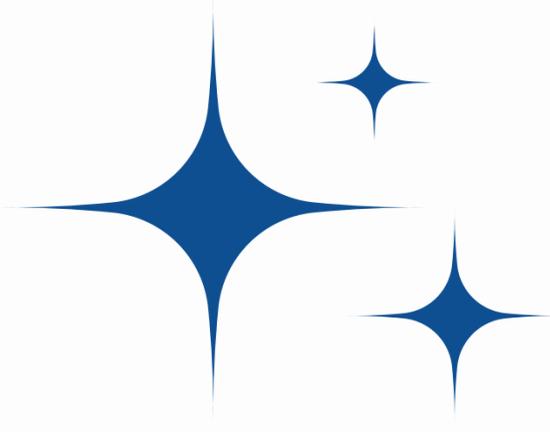

24/7 Priority Support

High-priority customer support both before and after project delivery, available around the clock, whether as part of our free support or through tailored paid support plans.
